

Sourcing and Project Logistics

R-Wave supports oil and gas clients with global sourcing, procurement execution, and last-mile delivery of approved equipment and project materials across Nigeria. We specialize in non-China sourcing requirements and gas plant projects.

SERVICE SCOPE

- Compliant sourcing for technical RFQs
- Non-China market procurement
- Supplier validation & documentation
- Logistics for maintenance shutdowns

TYPICAL DELIVERABLES

Valves, Flanges & Fittings • Pumps, Compressors & Skids
• PPE & Gas Detection Systems • Fuel and Cargo
Transport

WHY R-WAVE

- Approved Dangote Group Vendor
- 20-truck Nigerian fleet
- Canadian executive governance
- Documented origin controls

Engagement Fit

Gas plant equipment | Non-China mandates | Site
maintenance

R-Wave delivers to approved specifications, agreed timelines, documented controls, and funded milestones.

POWER & RENEWABLES

Equipment Procurement Support

Providing utility and industrial clients with reliable sourcing for power infrastructure. We bridge the gap between international manufacturers and Nigerian project sites for renewable and traditional energy.

SERVICE SCOPE

- Solar and Battery storage sourcing
- Transformer and Switchgear supply
- Warranty and freight management
- Mini-grid logistics support

TYPICAL DELIVERABLES

Solar Panels & Inverters • Transformers & Distribution Boards • Industrial UPS Systems • Mounting & Grounding kits

WHY R-WAVE

- Access to Tier-1 manufacturers
- Verified Nigerian site delivery
- Support for institutional projects
- Commercial milestone discipline

Engagement Fit

Mini-grids | Backup power | Solar rollouts

R-Wave delivers to approved specifications, agreed timelines, documented controls, and funded milestones.

ELECTRIC VEHICLES

EV Infrastructure Sourcing

Supporting the transition to green mobility. We source and deliver charging infrastructure and support equipment for fleet owners and commercial developers in the Nigerian market.

SERVICE SCOPE

- AC/DC Fast Charger procurement
- Charging station logistics
- Product certification coordination
- Workshop & Diagnostic tools

TYPICAL DELIVERABLES

Charging Piles & Cables • Solar Carport Components •
Battery Storage Systems • EV Maintenance Tools

WHY R-WAVE

- Global EV supplier network
- Early-mover market expertise
- Seamless tech import handling
- Project delivery focus

Engagement Fit

Fleet depots | Commercial malls | Solar charging stations

R-Wave delivers to approved specifications, agreed timelines, documented controls, and funded milestones.

BANKING

Secure Infrastructure Delivery

We provide banks with a disciplined procurement channel for mission-critical infrastructure. From data centers to branch power, we ensure secure handover and documented arrival.

SERVICE SCOPE

- Secure multi-site delivery
- Data center hardware sourcing
- Branch power backup rollouts
- Asset tagging and logistics

TYPICAL DELIVERABLES

High-capacity UPS & Batteries • Server Racks & Cooling • Security & Fire Suppression • ATM Infrastructure

WHY R-WAVE

- Strict documentation standards
- Secure chain of custody
- Experience with multi-site phased delivery
- Governance through Canada office

Engagement Fit

Branch upgrades | Data centers | ATM rollout

R-Wave delivers to approved specifications, agreed timelines, documented controls, and funded milestones.

CANADA | R-Wave Consulting Inc.

Infrastructure & Field Logistics

Managing the complex logistics of telecom infrastructure. We support tower companies and network operators with reliable sourcing of power and passive equipment for remote base stations.

SERVICE SCOPE

- Tower site power upgrades
- Remote site route planning
- Passive infrastructure supply
- Spares management frameworks

TYPICAL DELIVERABLES

Rectifiers & Hybrid Controllers • Deep-cycle Batteries •
Fibre Optic Accessories • Security & Monitoring Devices

WHY R-WAVE

- Remote site execution capacity
- Commercial discipline for telcos
- Verified delivery to base stations
- Support for recurring maintenance

Engagement Fit

Tower power | Rural connectivity | Fibre rollouts

R-Wave delivers to approved specifications, agreed timelines, documented controls, and funded milestones.

CANADA | R-Wave Consulting Inc.

66 Candlelight Drive, La Salle, MB R0G 0A2

INSTITUTIONAL

Project Infrastructure Support

Specialized support for educational, government, and commercial development projects. We focus on vocational infrastructure and large-scale project material delivery.

SERVICE SCOPE

- Vocational equipment sourcing
- Steel building coordination
- Installation interface support
- Final handover management

TYPICAL DELIVERABLES

Pre-engineered Buildings • Workshop & Lab Equipment •
Structural Materials • Training Kits

WHY R-WAVE

- Experience in vocational projects
- Strong installation coordination
- Project-based milestone focus
- High standards of accountability

Engagement Fit

Vocational schools | Warehouses | Trade centers

R-Wave delivers to approved specifications, agreed timelines, documented controls, and funded milestones.

Solid Minerals Equipment & Logistics

Optimizing mine site operations through robust equipment sourcing and haulage. We manage the movement of fuel, equipment, and consumables to remote and challenging mining locations.

SERVICE SCOPE

- Industrial haulage coordination
- Mine site fuel/water logistics
- Heavy equipment spares supply
- PPE and site safety sourcing

TYPICAL DELIVERABLES

Dewatering Pumps & Generators • Site Lighting & Power • Industrial PPE • Haulage & Fleet Management

WHY R-WAVE

- Industrial fleet management expertise
- Remote site access experience
- Transparent fuel tracking
- Safety-first logistics culture

Engagement Fit

Remote mine sites | Industrial haulage | Site supplies

R-Wave delivers to approved specifications, agreed timelines, documented controls, and funded milestones.

MANUFACTURING

Industrial Procurement Support

Minimizing downtime for Nigerian manufacturers. We provide a reliable channel for industrial machinery, replacement parts, and consumables sourced from trusted global markets.

SERVICE SCOPE

- Plant machinery procurement
- Maintenance shutdown logistics
- Recurring spares frameworks
- Technical documentation support

TYPICAL DELIVERABLES

Conveyors, Motors & Pumps • Bearings & Transmission parts • Warehouse Equipment • Consumables & Lubricants

WHY R-WAVE

- Broad technical sourcing scope
- D-U-N-S listed reliability
- Rapid response for shutdowns
- Clear commercial controls

Engagement Fit

Plant expansions | Shutdowns | Machinery replacement

R-Wave delivers to approved specifications, agreed timelines, documented controls, and funded milestones.
